

Video Guide

WHAZZAT

10 minutes, color, video

This is a creative retelling of the parable of the six blind men and the elephant. Six blind men came upon an elephant. Each grabbed a part of the elephant and described his part. Each man described something different and an argument arose among the men. Each thought he had the full picture; none did. Note the different ending in this film.

LEARNING OBJECTIVES

1. Describe the central idea of the film.
2. What did the film say to you? What did you find interesting? Creative? Thought-provoking?
3. How does this film relate to this course?
4. List the 4 goals of psychology.
